Alzheimer's Disease: Hear the Caregivers' Stories

"As much as you want to say you understand this disease, you're just human, and it's hard not to react." –Gianna

Keiro anonymously interviewed two community caregivers who have cared for loved ones with Alzheimer's disease. They shared their situation, challenges, and lessons they've learned.

<u>Watch this video from Alzheimer's Los Angeles</u> about Jane's caregiving experience with her mother. Hear why she feels it is important to talk about these struggles so that we can learn valuable lessons from each other.

In April, the Ventura County Japanese American Citizens League launched a new program called Happiness, Health, Heritage, @ Home (HHHH) with support from Keiro's Grants Program. Read how one individual, through her experience, felt the need to create a new community support system to outreach and connect with each other.

# Memory Loss — Is This Normal?

As we age, we may start to notice physical changes in our bodies and in our memory. There are a variety of factors in our lives that can cause forgetfulness or mild cognitive decline without necessarily indicating early signs of Alzheimer's or dementia.
